Program Overview

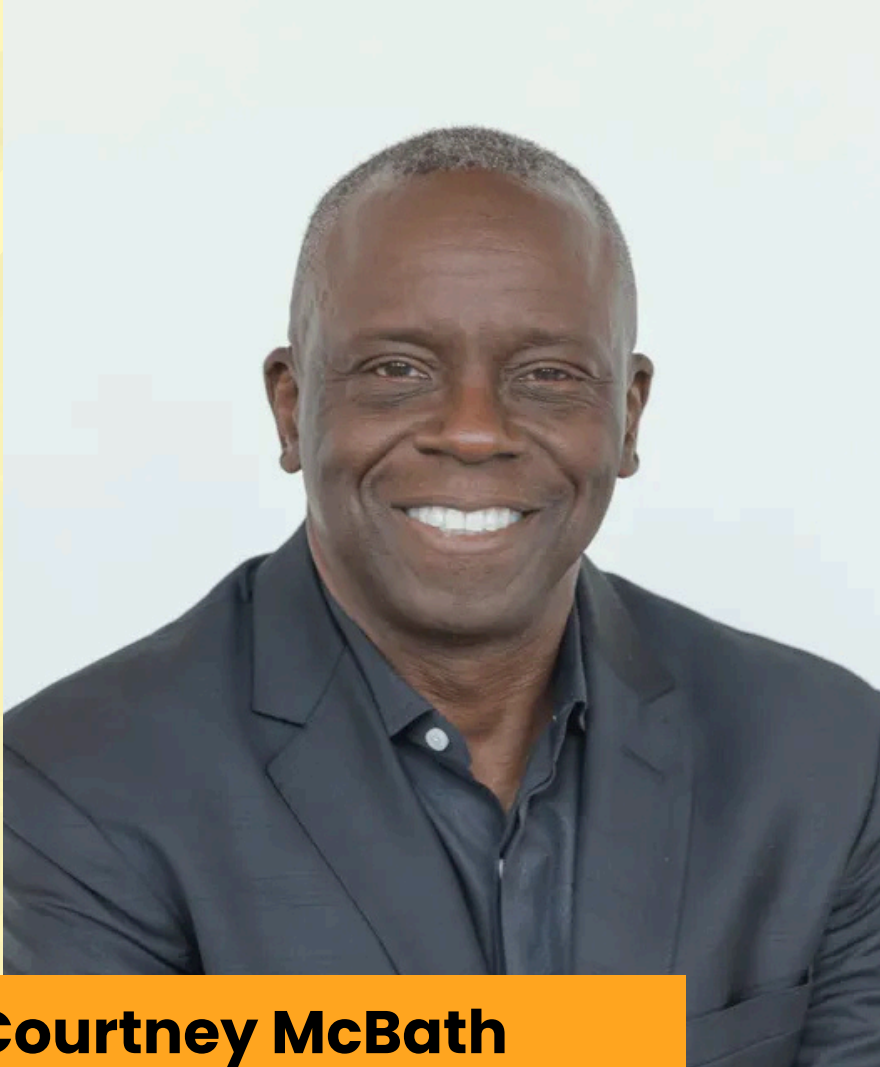

Mission

Our mission is to build healthy, self-supporting communities through access, collaboration and care. We provide access to the four essentials: Healthy Food Options, Affordable Healthcare Services, Education, and Financial Literacy. We are able to achieve this by collaborating with like-minded organizations to remove barriers for vulnerable population to provide care for ALL in the Hampton Roads region.

Vision

The vision to make a positive impact on the lives of individuals in need, offering support, care, and resources to promote the overall well-being of our most vulnerable community members.

Our Story

Courtney McBath
Founder

There was a man who once lived in extreme poverty. His family lived in a one-room home that was no larger than a shed. The only way that he was able to escape this vicious cycle of poverty was through the support of his family, friends and even strangers who cared... a community. This was a community that gave his family access to food, books for education, and an open door to the world that existed outside the limitations of his condition.

If not for a community of support, the man never would have made it out of poverty. This is not a fictional story or a fairy tale. This is the story of Courtney McBath, the founder of Revive Community of Virginia. f not for a community of support, the man never would have made it out of poverty. This is not a fictional story or a fairy tale. This is the story of Courtney McBath, the founder of Revive Community of Virginia.

"Home is Where the Homies are"

Inspired by the story of our Founder Dr. B Courtney McBath, Summer Homies was created to remove barriers for our most vulnerable community members. Our goal was to expand access to critical resources for homies to enhance the overall quality of life of individuals in Hampton Roads.

The Need

Through our collaborations with like-minded organizations, we have begun building a robust network of critical, free resources to eliminate barriers for economically impacted individuals across Hampton Roads to build a self-sustaining community.

"From Pipeline to Platform"

Demographic Breakdown

"Homie" Pronounced ("Hō-Mē"):

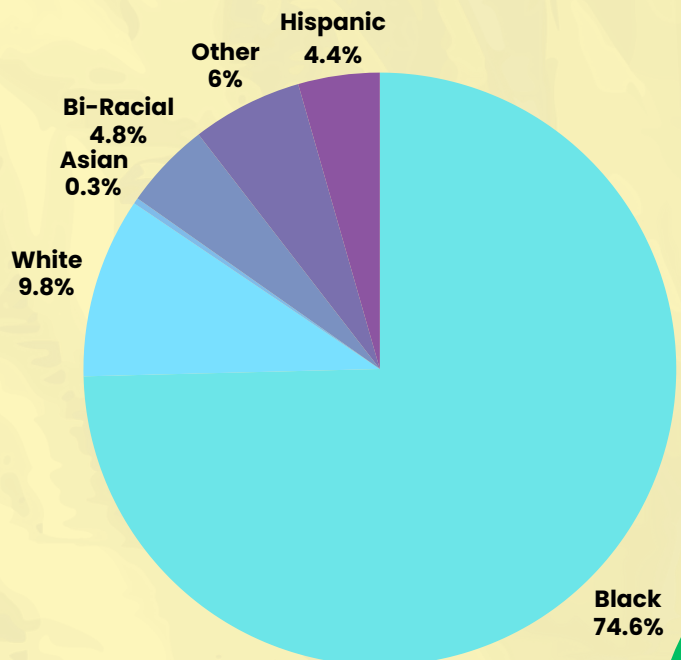

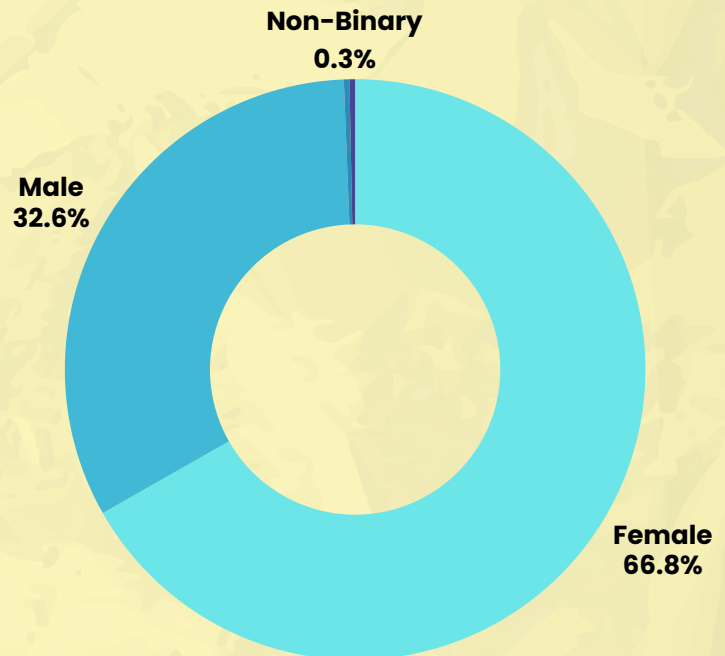

"Homie" is a term used to describe an individual who is actively engaged in a network or community where "life essential" resources and services are exchanged. Life essential resources, for us, are those resources which not only improve a person's quality of life, but make life enjoyable! The term homie can refer to someone offering this resource, seeking this resource, or sponsoring resources so as to further the fight to revive community. Whether you are the provider of a valuable resource, the seeker of a much needed service, or the recipient of aid, remember this: we are all the homies. A homie cares. A homie collaborates. A homie provides access. Home is where our Homies are.

Identified Barriers

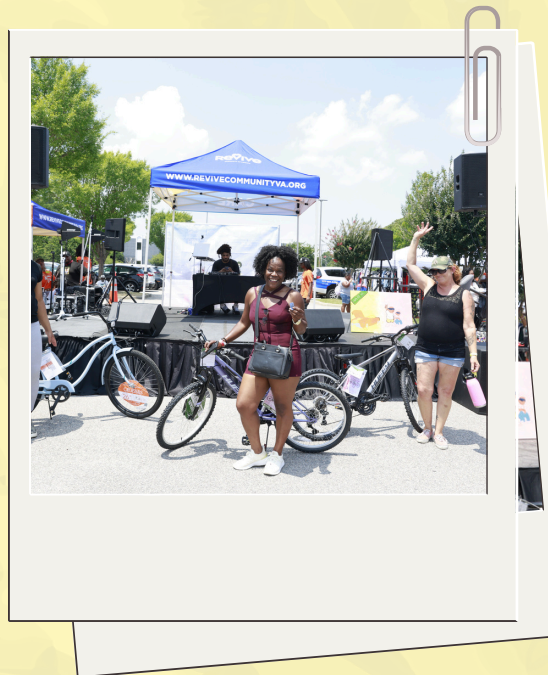

According to our populations served at the festival, the following were identified as “barriers” to upward mobility and self-sufficiency.

Housing
Clothing
Healthcare
Toiletry Items
Food Insecurity
**Unaware of how to access
available services**

Overcomer Scholarship

This year at Summer Homies 2025, ten (10) community applicants each received \$10,000 in scholarships (totaling \$100,000 in scholarship give-aways). Scholarships can be used at any Virginia trade school or program. Recipients without a GED will have an opportunity to participate in our community Educational upward mobility program which aims to help individuals improve their social and economic standing through education and related support services. Through this program, we will walk the recipient through the process of qualifying for admission, applying to the trade school and ultimately being admitted.

Community Partner Breakdown

82+

We were honored to have the support of over 82 dedicated community partners who came together to help us provide vital resources and services to individuals and families in need. Their collaboration and commitment played a key role in making a meaningful impact in the lives of those we serve!

Bread
Mandarin oranges fruit cups
Bread
Canned string beans
Cashew nuts
Apple juice**

Live Cooking

Our marketplace included live cooking demonstrations from local Chefs illustrating how to maximize use of healthy food options provided weekly at our Revive Center. Menu items were curated for those with limited kitchen equipment and those without kitchens.

Resources Provided

The resources we offer in collaboration with our partners are not just relevant; they are transformational. Through these powerful partnerships, we magnify our influence and, in doing so, deliver a comprehensive spectrum of services that cater to the diverse needs of the populations we serve.

This year we partnered with resource providers to provide services in the following areas:

Access to Education & Trade School Opportunities

Financial Wellness & Money Management

Mental Health & Emotional Wellbeing

Healthy Living & Lifestyle Support

Housing Navigation & Essential Resources

Legal Services & Justice Support

Life Planning, Legacy & Future Preparation

Personal Care, Style & Confidence Building

Youth Services & Development Resources

Youth Rights, Advocacy & Empowerment

Village Report

WHAT IS A VILLAGER?

Also known as a “volunteer” is someone who embodies the essence of community. They are individuals who enjoy being selfless, lending a hand, and making a positive difference in the lives of those around them. A villager is compassionate, trustworthy, attentive and generous.
